Town of Halton Hills Launches ROADS 2017 Pavement Management Program

HALTON HILLS, ON – Starting this spring, select streets will benefit from road resurfacing and reconstruction. This construction project is known as ROADS 2017.

Each year, the Town’s Pavement Management and Capital Works Program renews and improves roads across Halton Hills to keep them in peak condition. Work plans are developed on the basis of priority needs and leveraging construction efficiencies. In 2017, the program will focus on upgrading roads in Wards 1 and 2.

“The Town of Halton Hills is continuing its efforts to keep our roads in good repair”, said Mayor Rick Bonnette. “We know that each street construction project impacts area residents and businesses however the disruption is short-term while the results of ROADS 2017 will provide long-reaching improvements for years to come.”

Pavement Management Program Affected Streets

The following streets will have road resurfacing completed this season, supervised and administered by Town staff.

Street (Ward 1)	Road Span
Burbank Street	Elmore Drive to End
Elizabeth Drive	Main Street North to Elmore Drive
Elmore Drive	80m South of Elizabeth Drive to Lakeview Avenue
Tidey Avenue	Elizabeth Drive to Elmore Drive
Tyler Avenue	Elizabeth Drive to Elmore Drive
Main Street North (Hwy. 7)	St. Albans Drive to 500m North

Street (Ward 2)	Road Span
Beaver Street	Alexander Street to Credit Street
Erin Street	Alexander Street to Credit Street
Karen Drive	Confederation Street to End
Mullen Place	Confederation Street to End

Residents will experience some disruption during the road work. Anyone with concerns about dust, noise or other construction issues is asked to go to www.haltonhills.ca/roads to receive more information.

Should ROADS 2017 be delayed by factors such as weather, residents will receive a hand-delivered notice from the Town explaining the details of the delay.

“ROADS 2017 is the Town’s infrastructure construction program for maintaining roads”, said Chris Mills, Commissioner of Planning and Infrastructure. “It’s our commitment to improving quality of life through the maintenance of infrastructure that addresses the needs of all users.”
