THE HELSON GALLERY PRESENTS

CANADIANS IN CHENGDU

Historic photographs from Sichuan, China
1892-1952

A message from the Mayor

Canadians in Chengdu (China) is a fascinating and poignant visual history of Canadian missionaries who lived in China between 1892 and 1952; this exhibit is a gift to Canadians from Chinese historians, artists and corporate donors. It recognizes and appreciates the many courageous Canadians who made Sichuan, China, their home over 100 years ago. These missionaries contributed to medical and educational modernization in China.

Halton Hills will celebrate Canada's 150th Anniversary in 2017 with a wide variety of events and attractions designed to showcase our beautiful region, its citizens and its history. This event launches our celebrations for this significant year by honouring the unique and fruitful relationship with our sister city, Wenjiang. Thank you for joining us today.
