- (a) "All surface drainage will be self-contained, collected and discharged at a location to be approved prior to the issuance of a building permit."
(b) "The portions of the driveway within the municipal boulevard will be paved by the applicant."
(c) "At the entrances to the site, the municipal curb and sidewalk will be continuous through the driveway and a curb depression will be provided for each entrance."
(d) "All proposed curbing within the municipal boulevard area for the site shall be to suit as follows:
i) For all single family residential properties including on street townhouses, all curbing is to stop at the property limit or the back of the municipal sidewalk, whichever is applicable; or
ii) For all other proposals including Industrial, Commercial and Condominium developments, all entrances to the site are to be in accordance with OPSP 350.010 (save and accept Detail 'A' which shall match City of Mississauga Standard 2240.031).
(e) "All excess excavated material will be removed from the site."
(f) "The existing drainage pattern will be maintained except where noted."
(g) "The applicant will be required to contact all utility companies to obtain all required locates prior to the installation of hoarding within the municipal right-of-way."
(h) "The applicant will be responsible for the cost of any utility relocations necessitated by the site plan."
(i) "All internal curbs are to be standard 2-stage curb and gutter as per O.P.S.D. 600.070."
(j) "Prior to commencing construction, all required hoarding in accordance with the Ontario Occupational Health & Safety Act and regulations for construction projects, must be erected and then maintained throughout all phases of construction."
(k) "Should any works be required within the municipal right-of-way, a Road Occupancy Permit will be required. PUCC approval will be required. For further information please contact the PUCC/Permit Technologist, located at 3185 Mavis Road.
(l) "All asphalt and base materials of the existing driveway to be removed are to be reinstated with topsoil and sod."
(m) "Refer to the Site Grading Plan prepared by (Jain Infrastructure Consultants Ltd.), Drawing (C102-SITE GRADING PLAN), Issued for approval MARCH 30/23 and FEB 07/24 for the purposes of obtaining site grading information."

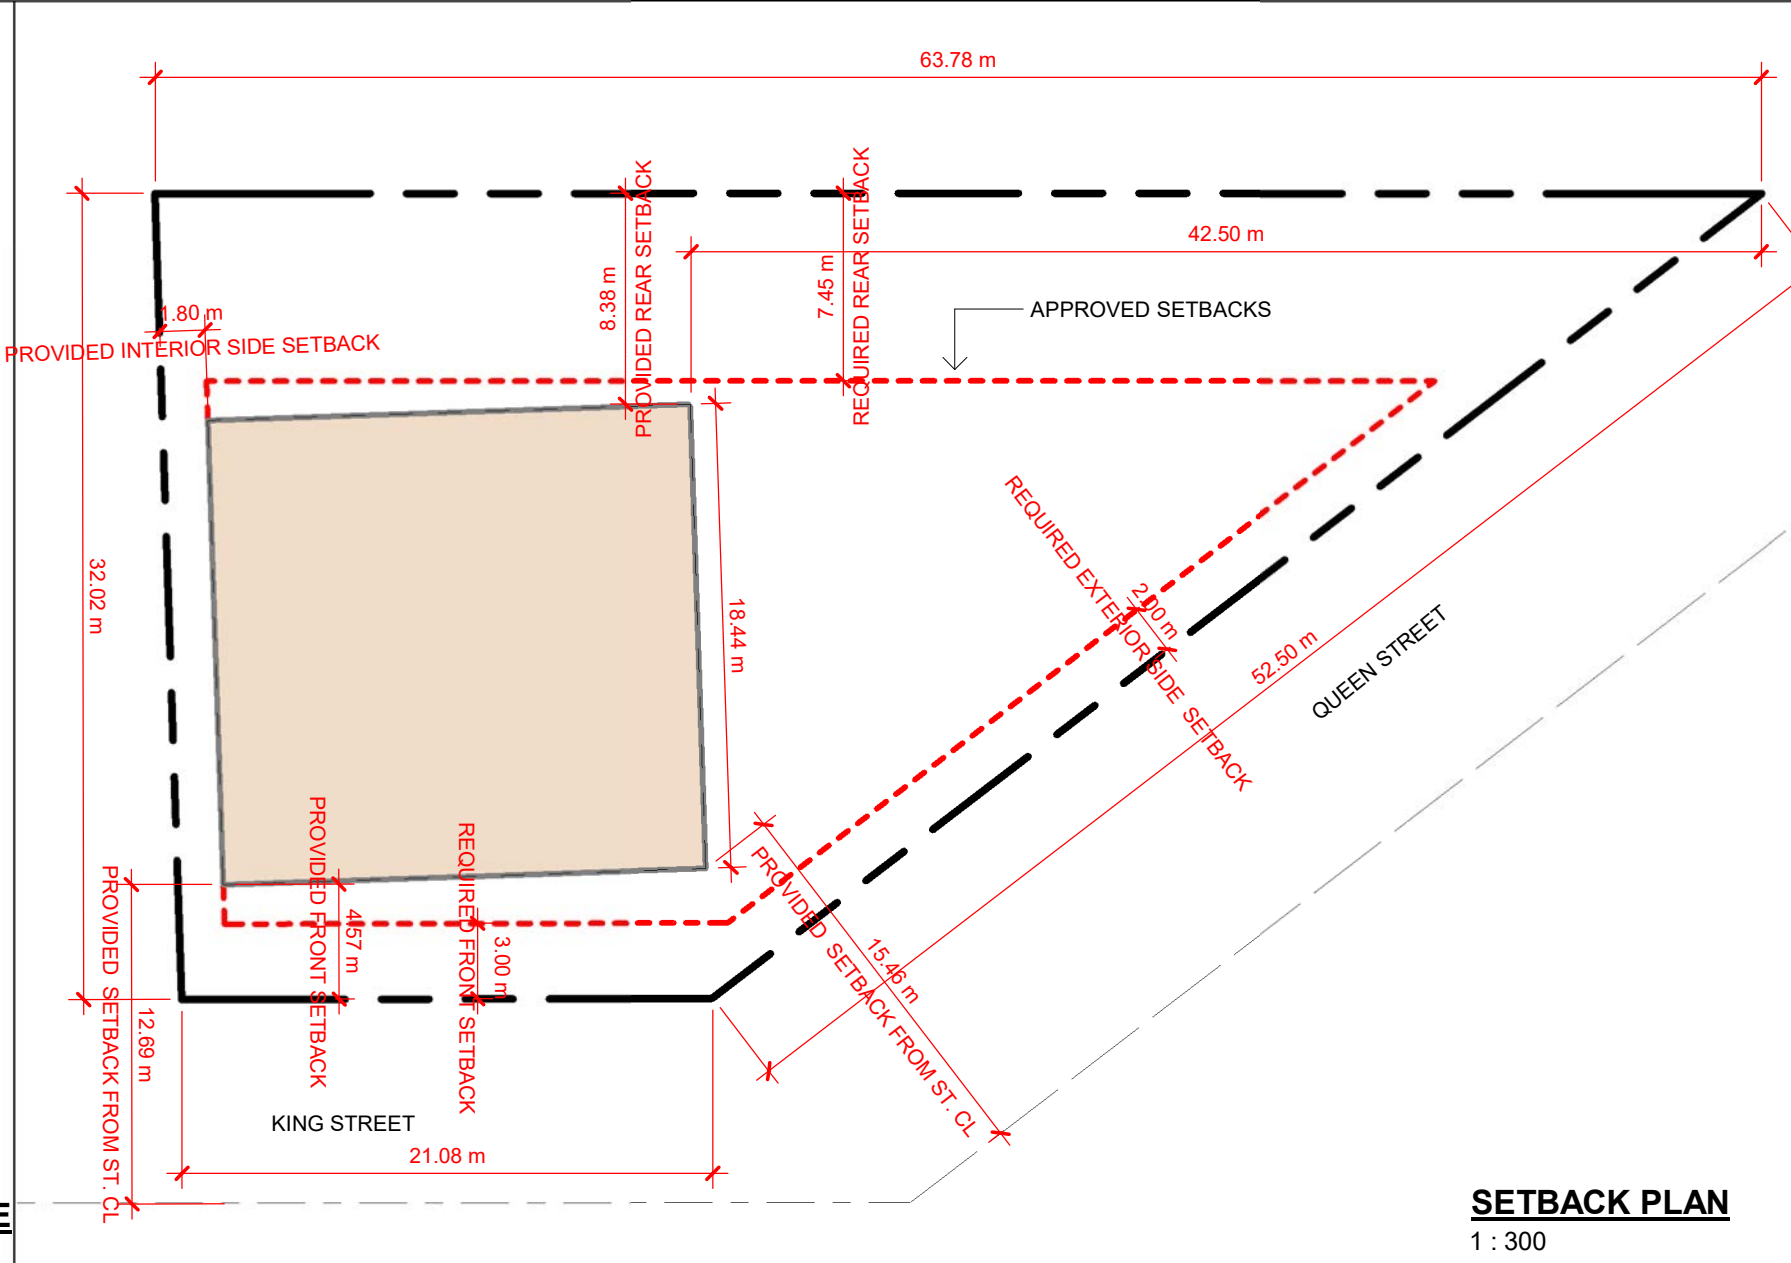

[TRAFFIC NOTES]
(i) All damaged or disturbed areas within the municipal right-of-way are to be reinstated at the Owner's expense; (ii) All landscaping and grading within close proximity to the proposed access points is to be designed to ensure that adequate sight distances are available for all approaching and exiting motorists and pedestrians; (iii) The portion of the driveway within the municipal boulevard is to be paved by the Owner; (iv) Driveway accesses shall maintain a 1.5m setback from aboveground features such as utilities and trees; (v) Any above ground utilities located within 1.5m of a proposed access are to be relocated at the Owner's expense; (vi) The cost for any/all road improvements required in support of this development application will be borne by the Owner; (vii) The Owner shall make satisfactory arrangements with the Transportation and Works Department for the design, construction and payment of all costs associated with works necessary to support access to this site; (viii) Any access to internal servicing shall be provided internally through the site; (ix) Details of the site specific access configurations will be finalized in conjunction with the Site Plan review/approval process.
