RE: Entry into the Ontario Public Register of Archaeological Reports: Archaeological Assessment Report Entitled, “Stage 1 – 2 Archaeological Assessment Draft Plan of Subdivision – Glen Williams Eden Oak Part of Lot 21, Concession 9 (Geographic Township of Esquesing), Town of Halton Tills, Regional Municipality of Halton” Dated May 18, 2010, Received by MTCS Toronto Office on May 20, 2010, MTCS Project Information Form Number P058-460-2009 and P058-558-2010, MTCS RIMS Number 24SB398

Dear Mr. Henry,

This office has reviewed the above-mentioned report, which has been submitted to this ministry as a condition of licensing in accordance with Part VI of the Ontario Heritage Act, R.S.O. 1990, c 0.18. This review has been carried out in order to determine whether the licensed professional consultant archaeologist has met the terms and conditions of their licence, that the licensee assessed the property and documented archaeological resources using a process that accords with the 1993 *Archaeological Assessment Technical Guidelines* set by the ministry, and that the archaeological fieldwork and report recommendations are consistent with the conservation, protection and preservation of the cultural heritage of Ontario.

This report was subjected to a review that focused specifically on concerns for archaeological resources and/or sites in relation to the outcomes and recommendations of the report. This focused review does not alter or affect your obligation as the licensee to ensure that all reports submitted meet the Ministry technical guidelines and terms and conditions of licence.

No archaeological sites were documented. The report recommends that there are no further concerns for alterations to archaeological sites for the area that has undergone archaeological assessment.

Based on the information contained in the report, the ministry is satisfied that the fieldwork and reporting for the archaeological assessment is consistent with the ministry's 1993 *Archaeological Assessment Technical Guidelines* and the terms and conditions for archaeological licences. This report will be entered into the Ontario Public Register of Archaeological Reports. Please note that the ministry makes no representation or warranty as to the completeness, accuracy or quality of reports in the register.

Given the above, this Ministry is satisfied that concerns for archaeological sites have been met for the area assessed as depicted by Figure 5 of the above titled report.

I trust this information is of assistance. Should you require any further information regarding this matter, please feel free to contact me.

Sincerely,

A handwritten signature in cursive script that reads "Jim Sherratt". The signature is written in black ink on a light-colored, textured background.
