- b) general targets for an overall proportion of residents and jobs to be planned for and achieved over the long-term.

- 55.4** The Regional Structure is based on a strategy to accommodate population and employment growth in Halton to 2051 by directing growth to the Urban Areas within the Regional Urban Boundary as shown on Map 1 and in accordance with the distribution of population and employment in Table 1.
- 56.** Guided by *Halton's* planning vision, *policies* in this Plan are developed to ensure the integrity, maintenance and enhancement of the Regional Structure.
- 56.1** Through a future Amendment to this Plan as part of the current municipal comprehensive review, the Region will update Table 2 and 2a, and associated table footnotes, to the planning horizon of 2051.

Note(s):

Footnote 1

2021 and 2016 population

Statistics Canada is committed to protect the privacy of all Canadians and the confidentiality of the data they provide to us. As part of this commitment, some population counts of geographic areas are adjusted in order to ensure confidentiality.

The adjustment to counts of the total population for any dissemination block is controlled to ensure that the population counts for dissemination areas will always be within 5 of the actual values. The adjustment has no impact on the population counts of census divisions and large census subdivisions.

Footnote 2

The entrance to the dwelling must be one that can be used without passing through the living quarters of some other person or group of persons.

Footnote 3

Private dwellings occupied by usual residents

A private dwelling occupied by usual residents refers to a private dwelling in which a person or a group of persons is permanently residing. Also included are private dwellings whose usual residents are temporarily absent on May 11, 2021.
