

APPENDIX R:

Roadway Connection Opportunities Diagram

NOTES:

1. AS DUBLIN LINE IS A LOCAL ROAD, IT CAN SUPPORT FUTURE SITE ACCESSES AND/OR INTERSECTIONS, AS REQUIRED (I.E.9 MAJOR INTERSECTIONS AT 200m SPACING).
2. THE ACCESS AND INTERSECTION OPPORTUNITIES ILLUSTRATE THAT SUCH A NETWORK CAN BE DEVELOPED WITH ACCESS TO THE EXISTING EXTERNAL ROAD NETWORK, AND THE INTERNAL NETWORK CAN BE DEVELOPED TO RESPOND TO FUTURE LAND USE SCENARIOS AS WELL AS NATURAL HERITAGE SYSTEM IMPACTS, WHERE APPROPRIATE.
