

Halton District School Board

FACILITY SERVICES

DRAFT

April 12, 2013

Attention: The Corporation of the City of Burlington
 The Corporation of the Town of Halton Hills
 The Corporation of the Town of Milton
 The Corporation of the Town of Oakville
 The Halton Catholic District School Board

This communication is in regard to a revision to the Reciprocal Agreement (Updated December 2011). The Halton District School Board (HDSB) has deemed it necessary to revise Appendix C1 (Page 62 / Condition 13. - Point 5) – Rental Permits – HDSB Conditions of Use. The current condition reads – Rental Contract Holder: Will ensure participants use plastic hockey sticks only and the blade to be wrapped to protect flooring. The-afore mentioned revision is the addition of the following statement – The HDSB will not permit hockey activity on wood gym floors.

In the past and in particular 2012 – the HDSB observed significant damage to several wood gym floors (primarily the protective finish) due to the use of plastic hockey sticks that were properly wrapped. The damage significantly affected the cosmetic look of the floor and in one specific situation – damaged the actual wood floor.

The HDSB will no longer be approving hockey permit requests – for school locations that have a wood gym floor.

Sincerely,

Nick Maandag
Regional Supervisor Plant Operation
The Halton District School Board
