

FOR SCHOOLS

The Helson Gallery School Programs provide students with a unique opportunity to view and create art at Halton Hills' premiere public Art Gallery

Our grade differentiated programs not only directly reinforce the requirements of the Ontario Curriculum in Visual Arts, but also offer opportunities for many other Curriculum connections. Students are introduced to the elements and principles of art, and apply the critical analysis process to communicate feelings, ideas and understandings

The Helson Gallery is currently offering virtual school programs with a plan to offer in-person school programs in the fall. To book a program or see more details, visit haltonhills.ca/galleryprograms

FOR SPECIAL NEEDS

The Inspirations Art Program was created to inspire an appreciation for art and artmaking for those with special needs. The program includes an opportunity to explore and discuss artwork in the Helson Gallery, followed by an art lesson in the studio where participants will create a beautiful piece of art to take home. By exploring art in a supportive and relaxed environment, this program addresses issues facing this often marginalized segment of our community through a fun and meaningful creative experience.
