## Part A – The Preamble

### 1. Purpose of the Amendment

The main purpose of this Amendment is to permit automotive commercial uses within the *Georgetown Community Node – Secondary Commercial Sub-Area* and also make a minor boundary revision to the *Georgetown Community Node – Secondary Commercial Sub-Area* designation. The Amendment also includes new policies to allow Council to waive the requirement for a Comprehensive Development Plan in the *Secondary Commercial Sub-Area* and in the *Mixed Use Sub-Area*, subject to criteria.

### 2. Location

This amendment applies within the Georgetown Urban Area, specifically the lands currently designated *Georgetown Community Node – Secondary Commercial Sub-Area* and *Mixed Use Sub-Area* and the property at 29 Todd Road (legally described as Plan 617 Pt Lot 68 RP 20R18270 Parts 1 and 2), which is currently designated *General Employment*.

### 3. Basis of the Amendment

Existing automotive commercial uses in Georgetown are concentrated along Guelph Street and Mountainview Road North. The existing automotive dealerships are within two main land use designations in the Official Plan, which are the *Corridor Commercial Area* designation and the *Georgetown Community Node - Secondary Commercial Sub-Area* designation.

Automotive commercial uses are permitted within the *Corridor Commercial Area* designation; however there are limited opportunities for the location or expansion of automotive commercial uses on properties within this designation. Currently automotive commercial uses are not permitted within the *Georgetown Community Node – Secondary Commercial Sub-Area* designation.

Currently within the Georgetown Urban Area, there are limited opportunities for automotive dealerships to relocate, redevelop or expand, except on their current sites. In light of the limited opportunities for the relocation or expansion of automotive commercial uses within Georgetown, combined with the numerous economic benefits provided by automotive retailers, this Official Plan Amendment has been prepared which proposes to:

- Add automotive commercial uses as a permitted use in the *Secondary Commercial Sub-Area* designation.
- Re-designate the property at 29 Todd Road from *General Employment Area* to *Secondary Commercial Sub-Area*.

In addition to the main objectives summarized above, this Amendment also brings forward the policies previously included in Official Plan Amendment No. 10 (awaiting Regional/Ontario Municipal Board approval) enabling Council to waive the requirements for a Comprehensive Development Plan in the *Secondary Commercial Sub-Area* and *Mixed-Use Sub-Area*. Waiving this requirement would be subject to a number of criteria some of which include demonstrating that the development will contribute to the vibrancy of the area, can be easily integrated with other uses, will not cause traffic hazards, etc.
