Halton Hills is ranked as one of the top small communities in Canada by a national magazine.

In 2017, Halton Hills was dubbed Canada's Most Patriotic Town in celebration of the 150th anniversary of the Confederation of Canada. Pride in our community, and our local businesses, runs deep. By advertising in local facilities, businesses can create a sense of belonging and establish themselves as recognizable places to do business.

Arena ice resurfacer

Everyone loves the ice resurfacer! These marvels of engineering will be spotted during breaks during skating programs, when they 'flood' the ice and scrape the surface clean, leaving it spotless for the next round of skating.

Businesses can choose to wrap the ice resurfacer in a colourful vinyl banner that demands attention. As the vehicle passes around the ice pad, spectators will get a great view of the banner from all sides. So get creative and get attention with an ice resurfacer advertisement!

The ice is where the action happens! Why not put your logo where everyone will be watching?

A logo is only helping your business if it's seen and recognized. We can help with that! Our team will take your logo and literally embed the design right in the ice, making it visible even as the ice is cleaned with the ice resurfacer. Use an in-ice logo in tandem with other packages to really send home your brand message!
