PURPOSE:

This policy is intended to meet the requirements of *Ontario Regulation 429/07* under the *Accessibility for Ontarians Disabilities Act, 2005*. It applies to the provision of goods and services to the public, not the goods themselves.

This policy aims to ensure that persons with disabilities are given equal opportunity to obtain, use and benefit from the Town's goods and services. Reasonable efforts will be made to ensure that:

- Goods and services are provided in a manner that respects the dignity and independence of persons with disabilities.
- The goods and services provided to persons with disabilities are integrated with the provision of goods and services to others unless an alternate measure is necessary to allow a person with a disability to benefit from the goods and services. The alternate measure may be temporary or permanent.
- Communications with a person with a disability are conducted in a manner that takes the person's disability into account.
- People with disabilities may use assistive devices, service animals and support persons as is necessary to access the Town's goods and services. If a service animal is excluded by law from a premise, other measures will be made available for the person with a disability to access the goods or services.

Background

The *Accessibility for Ontarians with Disabilities Act, 2005* (AODA) was created with the goal of developing standards that would improve accessibility for people with disabilities across the Province. The AODA allows the Provincial Government to develop specific standards of accessibility and enforce them. The standards are made into regulations pursuant to the AODA.

Ontario Regulation 429/07 - Accessibility Standards for Customer Service came into force on January 1, 2008. The customer service regulation is the first standard developed under the AODA. The regulation requires designated public sector organizations, including municipalities, to be in compliance with a number of customer service accessibility standards by January 1, 2010.

Policy Statement

The Town of Halton Hills (hereinafter referred to as “the Town”) is committed to providing accessible customer service to people with disabilities.

Notice may be given by posting the information in a conspicuous place on premises owned or operated by the provider of goods or services, or posted on the Town's web site or by such other method as is reasonable under the circumstances.
