**NOTES:**
The Director has the authority to determine the planning application fees in this By-law including, but not limited to, Minor, Standard, and Major Application fees and any additional fees further outlined in these "Notes"

1. The Director may grant a lesser fee listed in this By-law where cost savings are identified due to: consolidated application processing; or the application pertains to Industrial uses as directed by Council; or other matters as outlined in Report PD-2006-0061. Applicants requesting payment of a minor processing fee for an Official Plan Amendment, Zoning By-law Amendment, Subdivision, Condominium, or Site Plan must attend a preconsultation meeting with Town and Region staff and/or must prove that the processing cost of the applicant’s complete application will be significantly less than that in the Town Standard processing fees as further explained below.

2. Any Part Lot Control By-law application that proposes to create more than 50 Buildable Lots/Blocks or Units or applies to a gross area greater than 5 ha. (10 acres) will be deemed a Major PLCB application ($6,260).

3. Any Subdivision application that proposes to create more than 50 Buildable Lots/Blocks or Units or applies to a gross area greater than 5 ha. (10 acres) will be deemed a Major SUB application ($57,394).

4. Any Condominium application that proposes to create more than 50 Buildable lots/Blocks or Units or applies to an area greater than 2 ha. (5 acres) will be deemed a Major CDM application ($40,208).

5. Any Site Plan application that proposes to create more than 50 dwelling/units; or more than 9,290 sq.m (100,000 sq. ft.) gross floor area; or applies to a gross area greater than 2ha (5 acres) will be deemed to be Major Site Plan application ($40,315).

6. Additional legal fees, where required, will be borne by the applicant unless otherwise specified.

7. Condominium Secondary applies where the condominium is secondary to other planning applications as determined by the Director of Planning, Development & Sustainability and therefore, less work is required to finalize the condominium approval.

8. Major and Minor Holding Removal fees are distinguished by the scale of project and or the complexity of holding provisions that must be met as determined by the Director of Planning, Development & Sustainability.

9. Site Specific Holding Removal Special fee applies where the Town Official Plan Policies require the implementation of a development control i.e. floodplain areas and where the scale of development is determined by the Director of Planning, Development & Sustainability to be minor in nature and appropriate to a special fee designation.
